DOROTHY K. ATKINSON, 1702 GROVE AVENUE, NORTH CHICAGO, ILLINOIS.

Thanks for your interest in our rooted African Violet Leaves. The enclosed list is a cross-section of dependable varieties both in older varieties, many new varieties and very new varieties. All leaves are cut from vigorous young plants free from any disease or nematodes. They have been treated with VC-13 and Sodium Selenate, so wait at least six months before treating again.

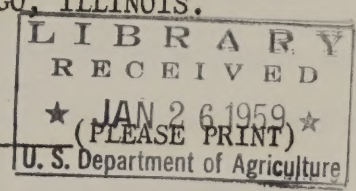

Leaves are shipped in two and a quarter inch black Plymouth or plastic pots, the same pots they are rooted in, therefore, there is no damage to the root system or the young plants.

In order to hold prices low it is necessary that we ask you to enclose 50¢ extra for six varieties, 75¢ for more than six, to help cover packing and mailing costs. Shipments are sent to you by PREPAID PARCEL POST, SPECIAL HANDLING AND INSURED.

You may order as many units of six as you desire providing each unit is six leaves of different varieties. We do not ship less than six leaves nor for an amount less than \$4.50. We do not sell wholesale.

DOROTHY K. ATKINSON, 1702 GROVE AVENUE, NORTH CHICAGO, ILLINOIS.
